

Exciting Swordsmith Simulator 2023

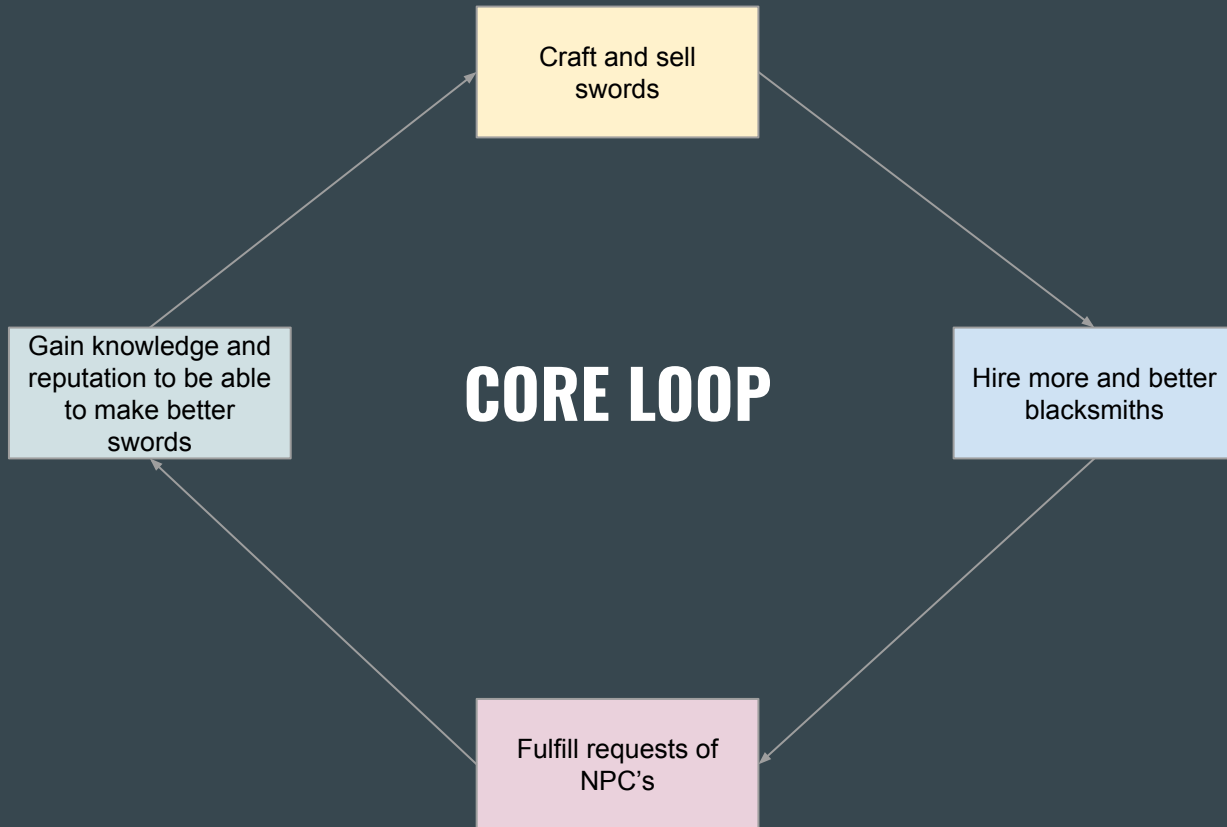

...

Business management simulator

Concept

- You manage a blacksmith's workshop in a fantasy world
- You go from crafting measly cleavers to mighty swords for heroes
- Build your workshop, employ more smiths, use more advanced resources, unlock new **recipes**
- The workshop will automatically produce “common swords” and the player creates “masterworks” which the player assembles and designs themselves
- Swords will have a chance that will be broken while crafting
- The player will encounter NPCs, who will have various requests from the player

Art style

- **First person**, stylized 3D
- Colourful, “fantasy” vibe
- Cheerful tavern music
- Satisfying hammer SFX

Features

Core:

- Build workshop
- Buy resources
